

What should you carry with you?

Through the use of live internet, visual aids, and in-person host, the attendees will learn about what the presenter believes are the two most important things that an aviator should have onboard the aircraft anytime they are exercising their responsibilities as a PIC (91.3)

Directions: Flying in: Taxi to the northwest side of the airport, to the open sunshade hangars....then walk 300 ft to the north end of the EAA HQ building, enter the person door and you have arrived.

Driving: Follow your GPS to 2955 South Street, 96001...

Hint: It will take you to the NW corner of Benton airport, next to the National Guard center... and park anywhere along the airport fence to the north and west of the EAA building.

A message from the National FAASTeam Manager
